In order to increase awareness about Road Safety among the students at large, who are driving two wheelers or other vehicles.

Brief Report :

Resource persons well explained the basics & statistics about the traffic & accidents occurring on the road that is very serious issue in the country as well as across the world. The issue of road safety is becoming a big concern and because of that our college decided to provide these benefits to the students through this awareness workshop. Lakhs of people become disabled due to carelessness shown while not properly following traffic rules. The main cause for all the pain and loss of life is the fast and furious driving done by the people. We can stop these accidents if we follow the traffic rules properly. The main reason behind spreading traffic rule awareness is to make people aware about the astonishing numbers of victims in the fatal accidents mainly occurring because of their ignorance to traffic rules. He also gave information about "Motor Vehicle Act and Traffic Rules" and also said that the best way to keep others and yourself safe is to follow proper traffic rules. Whenever you drive a car follow the traffic rules, it is important to wear helmet while driving a two-wheeler, obey the traffic lights to avoid accidents. Avoid rash driving as fast speed is the core reason of accidents. Always carry all the papers of the vehicle with you.

He showed a chart containing road safety signs and taught the students the meaning of the signs. He also mentioned that everyone should memorize the signs, as when you apply for driving license identifications of these come in the questions. If you are able to identify these signs then only you will get a license. The session for creating traffic awareness among students was very important as it makes them aware about the importance of their and others life. Students should come forward and follow these traffic rules obediently. Everyone should wear helmets and seatbelts while driving the vehicle. Be aware and also aware others.

Outcome - Students got complete information on traffic rule and they got sensitized that by following traffic rule they can remain safe themselves and also others too.
